A bit about Stanstead Mill

Stanstead Mill Day Nursery is a small private nursery located in the heart of Stanstead Abbots town centre. We are walking distance to the train station. We take children from 3 months until 5 years old and we are open from 7:30am until 6pm, Monday to Friday all year except for Bank Holidays.

Our aims are:

- To provide a high level of care for every child and adult in our nursery and to promote equality and value diversity.
- To equip children with the appropriate skills and knowledge they need to carry them on to the next level of development.
- To provide a friendly, welcoming and experience rich environment for every child who will receive the care and attention they need to feel safe and secure.
- To encourage children to communicate and express themselves in their own individual way, whilst showing them how to be kind, to share and behave appropriately to all. By showing children how to do this they will also learn to value and respect people and the environment around them.
- To give each child opportunities in which they can learn, play and communicate with other children and adults.

What makes us special?

As we are a small nursery, every child can be given our full attention.

The relationship built with each child is always special and enables them to feel self-assured in our care.

These relationships grow and change with your child's individual needs and encourages them to become confident in their own abilities. That's why we are special! We want your child to feel that we are home from home and to love spending each day with their extended family.

Our staff

Step inside and meet our wonderful team of staff. Our staff have their own special qualities and together they provide a high standard of care through their individual personalities, experience and qualifications.

All staff hold relevant first aid qualifications and as a team we maintain our knowledge on all aspects of childcare such as child protection and behaviour management. We value further development at all levels. We pride ourselves on having staff who are committed to their professional development. In the team we have a qualified Early Years teacher (EYPS) and most staff hold Level3 qualifications in Care, Learning and Education - Early Years work force.

Where we play

Ducklings | 3 months until 20 months

We have our smallest baby in this lovely light and cosy space.

In this room we spend time following your home routine with your child where possible, including sleeps and milk times.

Your child's keyworker will create a bond with you and your child to ensure that both of you feel happy at nursery. We use Tapestry to share your child's care diary each day and to also share what we have been enjoying during the nursery day.

Each child can explore our toys at their own pace and enjoy lots of stories, singing, sensory play and cuddles.

We have a small garden they can explore and the babies love to spot the ducks and swans in the stream that runs by.

Swans | 20 months until 3 years old

This area is well equipped to meet the needs of all the children in the age range. We can take 12 children in this age range and they are provided with continuous play and development opportunities.

Our staff interact with the children and build close relationships which enable the children to feel comfortable and enjoy their time with us. We especially love getting messy whenever we can!

The staff provide lots of love, comfort and cuddles for the babies whilst teaching them about boundaries and rules. We encourage all our children to be polite and respect one another and they learn this from a young age.

The children all have a topic over each term that they enjoy learning about and we try and make this as child centred as possible- taking ideas from their own interests.

Where we play

Kinsfishers | 3 years old until school

This area is for our pre school children. Our aim is to develop positive values, independence and self-confidence.

We believe children should be encouraged to develop at their own pace and therefore provide many opportunities for them to discover, question, experience, find out, explore, imagine, experiment etc,

Activities are well planned and evaluated; children are regularly observed so their next stage of development can be planned for and encouraged.

We still promote close relationships in the room but especially focus on developing individual personalities and independence. Where possible, we encourage child initiated play during the day where each child can explore the environment at their own level and benefit from the support of our staff and their friends.

You will be provided with a termly plan based around the EYFS curriculum that your child will engage with.

The Early Years Foundation Stage

The EYFS is a 'curriculum' designed for all children under the age of 5 years old. It has been introduced for all children in schools, childminder settings and out of school clubs and nurseries. It is mandatory for childcare settings to provide this.

It is designed to create a positive and consistent approach to your child's care and will bring together three different guidelines that child care settings were previously using and Inspected on.

We plan on a daily basis to meet the requirements of the EYFS and you can view the whole curriculum here:

<http://nationalstrategies.standards.dcsf.gov.uk/earlyyears>

We see the curriculum as the holistic way we approach looking after your child, from the food we feed them to the people around them. We strive to provide the best environment that considers all the areas of learning.

At Stanstead Mill Day Nursery, your child will be planned for as an individual and we will provide suitable play and learning experiences to meet their needs. This will always be carried out in a fun and exciting way and integrated into our daily routine, these are usually fun activities for all the children to experience together.

We plan for your child as an individual and over there time with us we will record their learning journey via Tapestry. Each time we add something you will get an email for you to read.

Keyworkers

Your child will usually have a key worker who will help to build a very special bond with you and your child. They will be there to provide security for each child and will be the most important home to nursery link.

Working with parents

At Stanstead Mill we try to provide a variety of ways for us to work together - after all, you know your child best!

Firstly, we intend to work with you to settle your child into at their own pace and yours. We aim to follow individual child routines.

We write online care diaries with provide you with important information about your child's care. We also upload our daily activities for you to see.

Other ways we work with parents through regular emails, monthly news letters and our open door policy.

We hold regular coffee mornings, one to ones with your child's keyworker and also have a parents forum.

Settling in

We understand how difficult it is to leave your child with us for the first time. Our priority is to help you and your family feel welcome and relaxed.

Our settling in sessions are offered free of charge and arranged with you the parents/carers, please feel welcome to telephone at anytime to see how your child is. Each child will be provided with their own settling in period and staff will work with parents during this time to ensure that children are settled into the nursery and enjoy their time with us.

This period of time also provides the opportunity for staff to familiarise themselves with the child's routine which we will follow while they are in our care.

Pre registration visits are also encouraged and parents are welcome to stay with their child in the nursery until they feel happy to leave them in our care.

We will always offer extended settle periods and home visits for children who need them. Our approach is child centred and flexible where possible.
